The Annapolis Royal Historic Gardens was honoured by TripAdvisor with the No. 1 listing among "Things to do in Nova Scotia," based on traveler recommendations. (Fry)

Ranked #1 on TripAdvisor

Enjoy The Historic Gardens

Attractions Canada Provincial Award Winner and Crystal Tourism Award of Excellence recipient from the Tourism Industry Association of Nova Scotia, the Historic Gardens is a special showcase of gardening methods and plant species. Renowned as one of Canada's finest, the Historic Gardens delights visitors of all ages with themed gardens, colourful collections and unique displays.

Located in Annapolis Royal, an area rich in heritage, and home of the first permanent European settlement in Canada, the Gardens is situated in one of the first cultivated areas in North America. From its picturesque setting overlooking the wetlands and meadows of a tidal river valley, the Gardens features ten acres of display gardens and seven acres of reclaimed marshlands, enclosed by a dyke walk. Here visitors will experience local history from a horticultural perspective and the

development of gardening in Nova Scotia: from displays of native species, through methods of early Acadian farming, to innovative gardening techniques of the future.

"Stop and Smell the Roses" and enjoy the spectacular Rose Collection featuring some 2,000 cultivars. Other favourite displays include the stunning Victorian Garden and an 18th century Governor's Garden, illustrative of the period when Annapolis Royal was the seat of English government in the province. The Knot Garden, with its intricate patterns of exquisite interlocking hedge work, reminiscent of the 16th century, is another highlight.

The Acadian section features a replica of a 1671 Acadian dwelling, complete with thatched roof, along with a garden, orchard and dyked land. This reconstructed example of pre-expulsion Acadian lifestyle is one of only a few in existence. A

sign lists the family names from the 1671 census.

The Innovative Garden is a unique resource for the home gardener. Visitors enjoy ideas for garden design, plant materials and creative gardening techniques.

The Gardens Interpretive Centre features photo displays of the development of the Gardens, and highlights the Acadian heritage of the area, including info on salt marshes, and an 18th century Acadian aboiteau, the large wooden sluiceway used by Acadians to drain water from their dyked lands. Original pre-expulsion artifacts are scarce which makes this so special.

The Historic Gardens is owned and operated by a non-profit charitable organization. Admission fees go toward operation and maintenance of the Gardens. Tickets are good for the entire day. Senior, family and group rates are also available. Info: (902) 532-7018, www.historicgardens.com

20th Fun-filled Year

Candlelight Graveyard Tour

The colourful Candlelight Graveyard Tour in Annapolis Royal is celebrating its 20th year. Come see for yourself why it is consistently rated one of the most popular tours in Nova Scotia. You'll be glad you did! (NS Tourism)
